PREFACE

On behalf of the Lebanese American University (LAU), I am pleased to present the LAU Fact Book for 2019-2020. Compiled by the university's Department of Institutional Research and Assessment (DIRA), the Fact Book (which is published annually) portrays the academic year in facts and figures in a way that is easily accessible to anyone interested in learning more about the institution, from both a historical and current perspective.
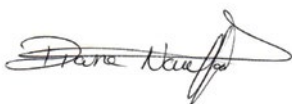

DIRA's mission is to collect, analyze, warehouse, and disseminate data about various aspects of LAU's institutional life. The department ensures the integrity and consistency of available information for official reporting purposes, providing support for administrative planning, policy formulation, assessment, accreditation, and institutional effectiveness initiatives. DIRA is therefore uniquely positioned to prepare the information in the current Fact Book, which is based on meticulous research and analysis and is relied upon by university decision-makers as they strive to advance LAU on all fronts.

The Fact Book puts forward a comprehensive picture of LAU, through various lenses, and serves as a data resource capturing both statistical and historical information about the institution. Those wishing to gain a thorough understanding of the university's academic programs, services, students, faculty, staff, facilities and finances need only open its pages to obtain the necessary data.

As always, a printed copy is available upon request, as is an online downloadable version in PDF format (http://dira.lau.edu.lb/fact-book/). Given that LAU is a dynamic and continuously changing institution, I also encourage you to visit the general DIRA website for the most current information about the university (http://dira.lau.edu.lb/).

The preparation of the Fact Book involves many members of the LAU community and I am very grateful for the assistance provided to DIRA as we undertake this monumental effort. Each year, the Fact Book incorporates new information as requested by various university constituents. As always, the department welcomes comments and suggestions for the Fact Book's continued enhancement. Please address all comments and inquiries in regard to this year's edition to me at extension 1232 or by e-mail at diane.nauffal@lau.edu.lb.
Looking forward to hear from you,

Sincerely yours,

Diane I. Nauffal, *PhD*

GENERAL
INFORMATION
ABOUT THE INSTITUTION ....

⦿ *History and Location*

The Lebanese American University (LAU), a leading private higher education institution in Lebanon, operates under a charter from the Board of Regents of the University of the State of New York. LAU is accredited by the Commission on Institutions of Higher Education of the New England Commission of Higher Education (NECHE).

LAU is a nonsectarian institution guided by a deeply rooted sense of shared ethical values. The university began as a women's college in 1924, with roots extending back to 1835, when the Ottoman Empire's first school for girls was founded. LAU expanded over the decades, catering to the growing educational needs of Lebanon, the Middle East and around the world. Today LAU boasts seven schools, along with 21 centers and institutes. Dynamic and distinguished faculty members research and teach in a wide range of academic disciplines.

LAU's two main campuses are located on leafy hillsides by the Mediterranean Sea, around 43 kilometers apart, putting LAU within easy reach of all areas of Lebanon. The Byblos and Beirut campuses offer similarly structured programs in the arts, sciences and business. Programs in nursing and medicine, as well as junior and senior-year courses in engineering and pharmacy, are offered exclusively in Byblos.

LAU still continues to expand today. With the establishment of its New York Headquarters and Academic Center and a new executive center in Beirut Central District, LAU continues its journey of perpetual improvement and progression.

⦿ *Accreditation*

LAU is accredited by the New England Commission of Higher Education (NECHE), formerly the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc. In 2014 LAU underwent a comprehensive evaluation and was re-accredited for a ten-year period.
