○ **GENERAL INFORMATION**

About the Institution

● History and Location

The Lebanese American University (LAU), a leading private higher education institution in Lebanon, operates under a charter from the Board of Regents of the University of the State of New York. LAU is accredited by the Commission on Institutions of Higher Education of the New England Commission of Higher Education (NECHE).

LAU is a nonsectarian institution guided by a deeply rooted sense of shared ethical values. The university began as a women's college in 1924, with origins extending back to 1835, when the Ottoman Empire's first school for girls was founded. LAU expanded over the decades, catering to the growing educational needs of Lebanon, the Middle East and beyond. Today, LAU boasts seven schools, along with 21 centers and institutes. Dynamic and distinguished faculty members research and teach in a wide range of academic disciplines.

LAU's two main campuses are located on leafy hillsides by the Mediterranean Sea, around 43 kilometers apart, putting LAU within easy reach of all areas of Lebanon. The Byblos and Beirut campuses offer similarly structured programs in the arts, sciences and business. Programs in nursing and medicine, as well as junior and senior-year courses in engineering and pharmacy, are offered exclusively in Byblos.

LAU continues to expand today. With the establishment of its New York Headquarters and Academic Center, as well as a new executive center in Beirut Central District, LAU resumes its journey of perpetual improvement and progression.

⭕ CHARTER AND ACCREDITATION

Charter

LAU is chartered by the Board of Regents of the University of the State of New York. The University of the State of New York is the sole entity authorized by the State of New York to incorporate higher education institutions and authorize them to confer degrees.

Beirut College for Women (which was to become LAU) was granted a provisional charter by the Board of Regents in 1950, and an absolute charter five years later. Since then, the charter has been amended several times in response to the institution's growth.

The University of the State of New York is a large system of educational services, including thousands of schools, colleges, universities, museums, libraries and other institutions. Its Board of Regents sets overall education policy for the State of New York and chooses a Commissioner of Education, who serves as president of the University of the State of New York and heads the New York State Education Department.

Accreditation

Degrees awarded by LAU are officially registered with the Ministry of Higher Education in Lebanon and with the Board of Education in the State of New York.

Institutional Accreditation

LAU is accredited by the **New England Commission of Higher Education (NECHE),** formerly the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc.

Library and Other Information Resources
Academic Year 2021–2022

● **Affiliations**

The Lebanese American University maintains library affiliations with local, regional and international associations and organizations. These include:

- ● The Lebanese Library Association (LLA), since 1995. LLA was founded in Beirut in 1960 "to improve the standard of libraries and librarians and to encourage scientific and literary research in Lebanon."

- ● The American Library Association (ALA), since 1985. Founded on October 6, 1876, ALA's mission is "to provide leadership for the development, promotion and improvement of library and information services and the profession of librarianship in order to enhance learning and ensure access to information for all."

- ● The American International Consortium of Academic Libraries (AMICAL), since 2004. AMICAL is an international consortium of American-model, liberal arts institutions of higher learning. Its mission is to advance learning, teaching and research through the collaborative development of library and information services and curricular resources at member institutions.

- ● The Lebanese Academic Library Consortium (LALC), since 2002. The consortium encompasses four private institutions: the American University of Beirut, the Lebanese American University, Notre-Dame University and the University of Balamand which initially established the Lebanese Academic Library Consortium (LALC), the first library consortium in Lebanon aimed at cooperating in subscriptions to one or more online resources. It has since also included Université Saint-Esprit de Kaslik, University Saint Joseph, Beirut Arab University and Haigazian University.

- ● The Lebanese Interlibrary Loan/Document Delivery Services consortium (LIDS), since 2007, which was established by LAU in cooperation with Kaslik University, Notre Dame University and University of Balamand, and recently joined by the United Nations Economic and Social Commission for Western Asia-Commission of Lebanon (ESCWA), Haigazian University, Middle East University, Beirut Arab University, American University of Beirut and Banque Du Liban or Lebanese Central Bank.

- ● The Online Computer Library Center (OCLC), since 2008. It is a non-profit library service and worldwide research organization encompassing almost 25,900 libraries, archives and museums in 170 countries as members. Thanks to a Libraries Very Interested in Sharing (LVIS) agreement signed through OCLC, LAU libraries can now share resources with more than 4,000 libraries around the world for free.
